

Coronado Travel Management Collaboration
LIST OF COLLABORATIVE ALTERNATIVE TEAM (CAT) MEMBERS
March 16, 2012

At the Forest-Wide Kickoff Workshop held on January 28, 2012, individuals volunteered to participate in the Collaborative Alternative Team (CAT) for the Coronado Travel Management Collaboration. Subsequent to that workshop, additional individuals volunteered to participate as well, and two members of the Core team have decided not to participate. The Udall Foundation's U.S. Institute for Environmental Conflict Resolution, who convened and is facilitating this process, finalized the CAT composition in February of 2012 and updated the CAT composition in March of 2012 as shown below.

The list of CAT members includes 12 Core CAT members (who would attend all 5 District Workshops) and the following additional CAT members by Ranger District:

- Douglas: 6
- Nogales: 4
- Sierra Vista: 8
- Safford: 7
- Santa Catalina: 7

There are 44 total CAT members with no more than 20 members at any one District Workshop.

CORE CAT TEAM (participate in all 5 District Workshops)
